

INDIGENOUS MEDICINE AND CONSTELLATIONS INTERVENTIONS AND PSYCHOTHERAPY WORKSHOP

Dr. Phil Accaria and Anneke Hogeland
February 14 and 15, San Leandro, California

In this workshop participants will be introduced to indigenous (shamanic) energy medicine concepts and methods of intervention that Dr. Phil Accaria incorporates into his psychotherapy and hypnosis practice. Anneke Hogeland has extensive experience using his concepts and methods in her practice.

This is an experiential workshop designed for those clinicians, practitioners, or interested parties, who are or would like to work clinically on the "energetic" levels of diagnosis and intervention. Participants will be introduced to the clinician's use of altered states of awareness for the purpose of seeing that which is not commonly seen, feeling that which is not commonly felt, and hearing that which is not commonly heard. These ways are derived from ancient indigenous energy medicine practices and current perspectives of quantum physics. Participants will also be introduced to the ideomotor signaling procedures of muscle testing and dowsing.

The experiential aspects of the workshop will include demonstrations, group exercises, constellations, and individual practice in dyads.

Course Objectives: Participants will be able to:

1. Describe indigenous energy medicine diagnostic and intervention methods.
2. Identify alternative modes of perception and information gathering
3. Identify how these methods can be explained by current mind/body/consciousness theory and research
4. Perform ideomotor signaling techniques.

Anneke Hogeland is a licensed marriage and family therapist. Anneke is also an Approved Consultant of the American Society for Clinical Hypnosis. She has worked with family constellations for five years and is very interested in weaving together constellation work with Phil's insights.

He has been incorporating indigenous energy medicine techniques into his practice since 1992 (in this life.) He is also a "father" to a 1 year old yellow English Labrador who is currently training him! Phil will be available for individual sessions on Thursday 12 and Friday 13 February in El Cerrito.
